

Getting a Grasp of the World Around Us

March 1, 2026 : Summary

The Economist (Pay Wall)

Death of a dictator : With the supreme leader dead, power in Iran hangs in the balance

A dramatic blow to the regime—followed by dangerous uncertainty

The Wall Street Journal (Pay Wall)

Why the U.S. and Israel Struck When They Did: A Chance to Kill Iran's Leaders

The allies' intelligence agencies discovered a rare opportunity to target high-level officials, including the country's supreme leader

The Economist, Obituary (Pay Wall)

A ruthless reign meets a violent end : Ali Khamenei grabbed power and held it, at bloody cost

Iran's supreme leader died on February 28th, aged 86

The Wall Street Journal , Obituary (Pay Wall)

Iranian Supreme Leader Ayatollah Khamenei Dies

Undisputed head of post-revolutionary Iran nurtured the country's global ambitions but struggled at home with a withering economy

The New York Times

The Man Who Destroyed Iran

By Mr. Sadjadpour, a senior fellow at the Carnegie Endowment for International Peace.

The Times of Israel

Iran is building the anti-Iran coalition it fears

By targeting Arab states, Tehran believes it is raising the cost for Washington. Instead, it is uniting its rivals, tightening US-Israel-Arab coordination — and isolating itself

The New York Times

Iranians Take to the Streets to Celebrate Khamenei's Death

Some Iranians said on social media that they were privately mourning the supreme leader. But displays of exuberance broke out in cities across the country.

Le Figaro

«Ils ont attaqué ! Ils ont attaqué !» : entre peur et soulagement, un grand nombre d'Iraniens célèbrent les frappes

RÉCIT - Les opérations américano-israéliennes contre la République islamique ont déclenché des scènes de liesse inédites dans un pays dévasté par les massacres de début janvier.
